S Series OtoLens by Starkey

Think hearing aids should be heard, not seen? Then the new S Series OtoLens by Starkey is for you.

OtoLens is the first custom fit invisible-in-the-canal hearing aid, featuring the latest, most advanced technology on the market today — meaning it's completely invisible, and totally designed to fit your lifestyle.

OtoLens is the hearing aid for people who say, "You'll never see me wearing a hearing aid."

introducing:

OtoLens™

**BEST OF BOTH WORLDS.**

That's because OtoLens fits comfortably inside the second bend of your ear canal — completely out of sight and completely off your mind.

Don't be fooled by its small size. Only OtoLens comes packed with Starkey's industry-leading technologies, including the world's best feedback canceller and the smartest noise reduction and speech preservation system ever developed. The result is a 100% invisible hearing aid that delivers the ultimate in:

**performance**

Utilizes Starkey's industry-leading technologies to help eliminate feedback and reduce listening effort.\*

**comfort**

Fits snugly in the second bend of your ear canal, and uses the ear's acoustics for natural sound quality.

**personalization**

It's the first invisible-in-the-canal hearing aid custom fit specifically for your ears and hearing needs.

Now you don't have to put off getting help for your hearing because you're self-conscious about wearing a hearing aid. With OtoLens, you can hear better and no one will ever need to know why.

Consumers are asking for the first completely custom fit invisible hearing aid.
